

About Closson Creative

Closson Creative is a small design studio specializing in wedding videography, graphic design, multimedia, computer consulting and photography. Our services range from designing custom websites to digital photography services, and everything in between. Wedding videography is our most popular service.

Closson Creative provides Ottawa, Putnam County, and surrounding areas with a local resource for high quality design and media services.

Wedding Videography

Our professional-grade cameras capture amazing, true-to-life color and quality. Your wedding, captured by Closson Creative videographers, will include great, multi-angled shots, professional editing with graphics and music, DVD chapter markers, custom DVD menus, and complete custom packaging artwork. Our complete package, from video captured to final edited DVD, stands out from the competition due to our unique shots and creative editing and post-production.
